PROFESSIONAL SUMMARY

Full Stack MERN Developer with strong hands-on experience building real-world, production-ready web applications, including a complete Learning Management System (LMS). Skilled in React.js, Node.js, Express.js, and MongoDB with a focus on clean architecture, secure APIs, scalable features, and cloud deployment.

TECHNICAL SKILLS

Frontend: React.js, Redux Toolkit, JavaScript, HTML, CSS, Tailwind CSS, React Router, Framer Motion

Backend: Node.js, Express.js, MongoDB, Mongoose, JWT Authentication

Version Control & Tools: Git, GitHub, VS Code, Vercel, Render, MongoDB Atlas, Firebase

Web Fundamentals: REST APIs, State Management, Authentication & Authorization, Responsive Design

PROJECTS

Learning Management System (LMS) | [Live](#) | [GitHub](#)

- Designed and developed a full-featured LMS with JWT-based authentication and role-based access (Student / Instructor).
- Built an instructor dashboard with analytics graphs to track course performance, purchases, and revenue.
- Implemented instructor-side course creation, video upload, and course content management.
- Developed student workflows including course purchase, enrollment, progress tracking, and certificate generation.
- Built secure REST APIs with validation, authorization, and error handling.
- Deployed using Vercel, Render, and MongoDB Atlas.

E-Commerce Web Application | [Live](#) | [GitHub](#)

- Built a scalable e-commerce platform using React.js and Redux Toolkit.
- Implemented product listing, cart management, and order processing.
- Developed backend APIs with Node.js and Express.js.

Connect – Developer Network Platform | [Live](#) | [GitHub](#)

- Developed a platform for developers to connect and collaborate.
- Built a clean, responsive UI using React.js and Tailwind CSS.

EXPERIENCE

Learn and Build

July 2023 – August 2023

Full Stack Web Development Intern

- Developed frontend features using React.js and Redux Toolkit.
- Built and tested backend APIs using Node.js, Express.js, and MongoDB.
- Improved UI responsiveness and fixed bugs.

EDUCATION

Babu Banarasi Das Northern India Institute of Technology, Lucknow

2020 – 2024

Bachelor of Technology (B.Tech) – Computer Science & Engineering

KEY ACHIEVEMENTS

- Built and deployed a complete full stack MERN Learning Management System independently.
- Implemented authentication, authorization, dashboards, and certificate generation.
- Gained real-world experience deploying production apps on cloud services.
